***What can you do for us?***

***We have 3 key objectives.***

**1. E-Mentoring**

This is a major project for us and we need to push it out and talk about it at every opportunity. To make it a success we need to mobilise as much alumni support as possible and more specifically encourage alumni to join the site and, if willing, become mentors. **Please help us!** You can highlight it in your next communication to your year groups and/or spread the word via social media or in any other way you can think of!

**Key Stats:**

- Soft launch early February: 500 alumni and 10 students invited to join the site
- 164 alumni and 6 students have signed up
- Regions covered: Asia, Middle East, North America, Europe and Australia
- Top Matric years by numbers: 2010 (11); 2009 (8); 2001 (7); 1988 (7); 1996, 2011 and 2006 (6)
- 114 mentors representing the following sectors: Education/Teaching/Research; Academia; Law; Local Government/civil service; Non Profit; Medicine; Finance; IT

**2. News for the College Report**

A key objective in establishing a system of year reps was to increase alumni engagement and gather news. Our feedback suggests that alumni enjoy reading news about members of their year and we'd love to expand this section in the College Report. **Please help us!** You can send us any snippets that you come across and/or include a request for news in any communication to your year groups.

**3. Encourage attendance at Somerville events!**

If you would like to communicate with your year via email we would be very happy for you to do so and we have created gmail addresses of the form **some[matric year]@somerville.college** .

If you wish to use email we ask that you complete the enclosed Confidentiality Agreement. Please speak to Lisa or Brigitte if you would like to know more about using gmail.

**Next Year Reps Meeting: Sunday 17<sup>th</sup> September**

### **Suggested wording for emails/posts**

#### **1. E-mentoring**

***Are you happy to offer a helping hand to students, recent graduates and fellow alumni?***

Keep an eye out for your invitation to join Somerville’s brilliant new platform, an exclusive service for alumni and students. Somerville eMentoring (<http://www.somerville.aluminate.net/>) will mean we can (re)connect with other alumni and students and also give and receive careers advice. You don’t have to sign up to be a mentor to join the site; if your interest is largely to catch up with long lost Somervillian friends, you may find them there!

#### **2. News**

***When you get the College Report do you skip to the 1987 news column?***

I think a lot of us probably do! I’ve offered to collate news for our year for the next report and hope I can persuade you to send me an update. Just a few lines about where you are and what you’re up to would be great. The deadline is 1<sup>st</sup> July, so plenty of time!
