SOMERVILLE eMENTORING

Did you know Somerville has an eMentoring platform that allows you to connect with alumni mentors offering a helping hand to students and recent graduates?

The platform is designed to match students and recent leavers with alumni who can help them with their CV, and provide more information about a particular industry. In short, you could view it as a Somerville LinkedIn!

We think this is a great tool to help prepare and develop our students for a fast-paced and dynamic jobs market, and it is a useful way for you to keep in touch with your Somerville friends and the wider community.

Throughout the new academic year, the Development Office will be hosting sessions on how the platform works, and help you set-up your profile to connect with alumni! For more info, visit our website: www.somerville.aluminate.net

Follow and Like us on Social Media to keep up to date with our news and events!
