

## **SOMERVILLE COLLEGE**

### **FINANCIAL INFORMATION FOR NEW STUDENTS IN 2026/27**

Before you start the academic year, it is important that you take all necessary steps in order to secure funding for your studies. Please note that Somerville College is unable to provide credit facilities. Neither the College nor the University have substantial funds to support students once they are on a course. You are therefore advised to think very carefully before embarking on a graduate course without having a reasonable expectation of sufficient funding to complete it. Detailed information about funding your studies is available on the University website (<https://www.ox.ac.uk/students/fees-funding>).

#### **FEE STATUS**

The course fee you will be charged and the support available to you is determined by your fee status. This is based upon your nationality and where you usually live.

#### **FINANCIAL DECLARATION**

All new students should have received a financial declaration form from the Academic Office. This document aims to ensure that you are fully aware of the expected fees and living costs for your course at Oxford. You are also asked to provide information about how you intend to cover the fees in the first year of your course.

#### **COURSE FEES**

The course fee for Overseas students starting in 2026/27 will vary depending on the course. The exact amount will have been confirmed in your financial declaration.

#### **FEE LIABILITY AND CONTINUATION FEES**

Fee liability is the length of time that you have to pay course fees to the University. Graduate students who have reached the end of their standard period of fee liability will be liable to pay a University continuation charge of £656 per term in 2026/27. Please note that the charge is subject to annual increases. There is more information on the University website ([www.ox.ac.uk/students/fees-funding/fees/liability](http://www.ox.ac.uk/students/fees-funding/fees/liability)).

#### **LIVING COSTS**

In 2026/27, the University estimates that students will require between £1,405 and £2,105 per month for living costs. This range is based on a single student with no dependants living in Oxford. You should be aware that even if you qualify for loans, bursaries, grants or scholarships, you might need additional funding to cover your expenses.

#### **SCHOLARSHIP PAYMENTS**

If you have been awarded a scholarship, your first instalment should be paid directly into your nominated bank account within two weeks of being registered at the College. Scholarship holders should report to the Treasury after registration to arrange this. Provision should therefore be made for some spending money when you first arrive in Oxford to cover expenses until you receive this first instalment.

#### **COLLEGE ACCOMMODATION CHARGES**

Accommodation charges vary depending on the length of your course and type of accommodation. Your Licence to Occupy will provide more information about this. The accommodation charge is payable at the start of each term.

If you have any queries about what payments you should be making before the start of your course, please email [treasury@some.ox.ac.uk](mailto:treasury@some.ox.ac.uk).

<sup>1</sup> If you are progressing from another course at Somerville, you do not need to pay this fee again

<sup>2</sup> If you are in receipt of a scholarship, your course fee may be paid directly to Somerville

## PAYMENTS DURING THE COURSE

You will receive a personal statement of fees and charges twice a term known as 'battels'. Each battels statement will indicate the date by which any outstanding charges must be paid. This date will be either the Friday of 1<sup>st</sup> week or the Friday of 4<sup>th</sup> week. **Please note that failure to pay on time will result in the imposition of a fine. Please refer to the College Handbook for further information regarding the non-payment of fees and charges.**
